

Walking On Eggshells

Don't stare, don't move, don't turn around
Don't care, don't prove, don't make a sound

Don't swear, don't try, don't leave a trace
Don't dare, don't lie, don't fall from grace

Forbidden words, forbidden signs
Uncertain world, uncertain times
I'm tryin' to cope
I'm tryin' to keep pace
Feels like I'm walking on eggshells

Walking on eggshells
I'm walking on eggshells
Walking on eggshells
I'm walking on eggshells

Don't drink, don't eat, don't pay the price
Don't think, don't feed and don't ask twice

Don't dream, don't wait, don't hide yourself
Don't scream, don't hate, don't love somebody else

Forbidden words, forbidden signs
Uncertain world, uncertain times
I'm tryin' to cope
I'm tryin' to keep pace
Feels like I'm walking on eggshells

Walking on eggshells
I'm walking on eggshells
Walking on eggshells
I'm walking on eggshells

It seems that the world's spinning faster
Nobody knows that one right answer
Roads to travel and lessons to learn
Heaven knows which way to turn

Walking on eggshells
I'm walking on eggshells
Walking on eggshells
I'm walking on eggshells

I'm walking on eggshells
I'm walking on eggshells
